

### **Staff Sensitization on Security of Records/ Information & Integrity Issues.**

The College of Humanities and Social Sciences conducted a staff sensitization on security of records and integrity issues on 11<sup>th</sup> April 2016. The theme of the training was “Awaken in thinking of the users and staff on matters of safety and security of records and documents”

The staff members were sensitized on the importance of management of records. The Records Manager, Mr.Omollo urged staff members to be transparent and accountable when handling the university records and be judged as people of integrity. He noted that they must understand the law of the land by understanding the regulation set by The Government and The University of Nairobi.

On his closing remarks Mr.Omollo urged the staff members to understand the channels of giving and releasing information to a third party.
